

17 July 1953

MEMORANDUM FOR: Acting Deputy Director (Administration)

THROUGH : Chief, Classification and Wage Division

SUBJECT : Establishment of Foreign Documents Branch in CIA Library/OCD; and Establishment of Screening Section, Reports Branch/FDD.

REFERENCE : Memoranda to above addressees -- from Executive/OCD dated 11 July 1953, Subject: "Request for T/O Change"; and -- from AD/O dated 17 July 1953, Subject: "Foreign Documents Division T/O Deletion and Internal Reallocation of Positions".

1. Reference requests for T/O changes have been reviewed by the Management Staff and have been determined to comply with the DD/I's instructions regarding realignment of responsibilities for the Agency's foreign publications program as set forth in his memoranda to the AD/O and the AD/CD dated 10 April and 7 May 1953.

2. OCD has stated that the Foreign Publications Branch will perform all functions of the former Documents Control Branch/FDD except the screening of documents for intelligence potential. FDD has stated this screening function will be performed centrally in the Screening Section, Reports Branch/FDD for all Area Branches. This type of screening function has been defined by FDD as the preliminary selection of documents which have potential intelligence value, fulfill intelligence collection requirements, or refer to other documents with potential intelligence value. Operation on the above basis will not result in any duplication of screening effort.

3. When conditions set forth in paragraph 1 of reference memorandum from Executive/OCD have been met, a detailed study should be made of workload, procedures, and personnel requirements prior to submission of a final T/O request.

4. Approval is recommended.
